## Maximize Your Membership!

# Welcome to the Arcade Area Chamber of Commerce!

I am proud to serve as Chamber President alongside our dedicated board of directors. Together, we share a vision for the future—one that focuses on business growth, strengthening connections, and building a healthy community for everyone.

I would like to take a moment to thank our outgoing interim president and director of member services, Sandy Piridy, for her incredible leadership and dedication over the past two years. Thanks to Sandy's hard work, the Chamber has strengthened its connection with members. I also want to thank our Executive Director, Crissi Lukowski, whose efforts have helped the Chamber achieve a much larger digital presence and increase our membership to over 200 members to date.

I have a great passion for our community which brings me joy and serves as a constant source of inspiration. It motivates me to help and encourage others. As a long-time resident of Arcade, I have raised my children here and worked for our local newspaper as the Advertising Manager at the Arcade Herald. That role allowed me to participate in many community events as an organizer. I have also worked as a bartender at one of our best local restaurants, The Main Street Grille of Arcade. Currently, I serve as the office manager at the Historic Arcade and Attica Railroad. These experiences have deepened my relationships with local businesses and community; I am committed to maintaining and growing these connections to help our community thrive.

If you are not yet a member, I encourage you to join us. We offer various membership levels designed to fit your business needs, each providing access to countless opportunities. We are always engaging with our audience to help better serve the needs of our businesses and community. We host an annual golf outing and Trout Derby, along with a variety of community-focused programs, like our gift certificate program which keeps all dollars local within our memberships.

The year 2026 promises to be an exciting one we are introducing more new benefits, such as our monthly networking educational classes for both members and non-members, as well as a printed business directory. We now offer a business showcase event and promotional opportunities with our print and digital ads that are now available. These new initiatives, along with our existing benefits, demonstrate our ongoing commitment to community growth and supporting local businesses.

Thank you for your trust and support. Together, we can achieve incredible things!

Warm Regards,  
Tammy Hobson, President

# Our Goals

- To help you get the most out of your membership with us
- To share our mission
- To help you discover opportunities you may want to take advantage of

# Definition of a chamber . . .

A 501(c)(6) business association which unites the efforts of business and professional individuals to improve the economy, build a better community and enable businesses and their representatives to accomplish collectively what no one person or organization can do individually. Power in numbers!

# Our mission . . .

The mission of the Arcade Area Chamber of Commerce is to provide our members with the resources and support they need to succeed in business. We believe that by working together, we can create a thriving business community that benefits everyone. Our focus is on promoting the growth of business and improving the quality of life in Arcade and the surrounding community.

# Engage!

One of the best ways to support your business and our Chamber is to ENGAGE with us. We offer so many different opportunities for you and your employees to partner with us that are beneficial to your business AND to our organization and community.

The Chamber works every day to market and find ways to improve your business and its community through advertising, events, programming, services, benefits and so much more. There is no other local organization out there that does what we do.

Take advantage of the services and classes we offer.

E-mail us with news and information that you would like shared on Social Media and in our Monthly E-Newsletter
